The hotel is situated at an 8 minutes' walk from the Bologna main train station "Bologna Centrale".

The main train station is reachable by a direct train from the Bologna airport.

## Dinner location and transport details

### Da Silvio
### Via San Petronio Vecchio, 34/d
### 40125 Bologna – ITALY

Participants are free to choose the way they want to join the restaurant. However, we recommend taking the occasion to have a walk through the beautiful Bologna city centre.
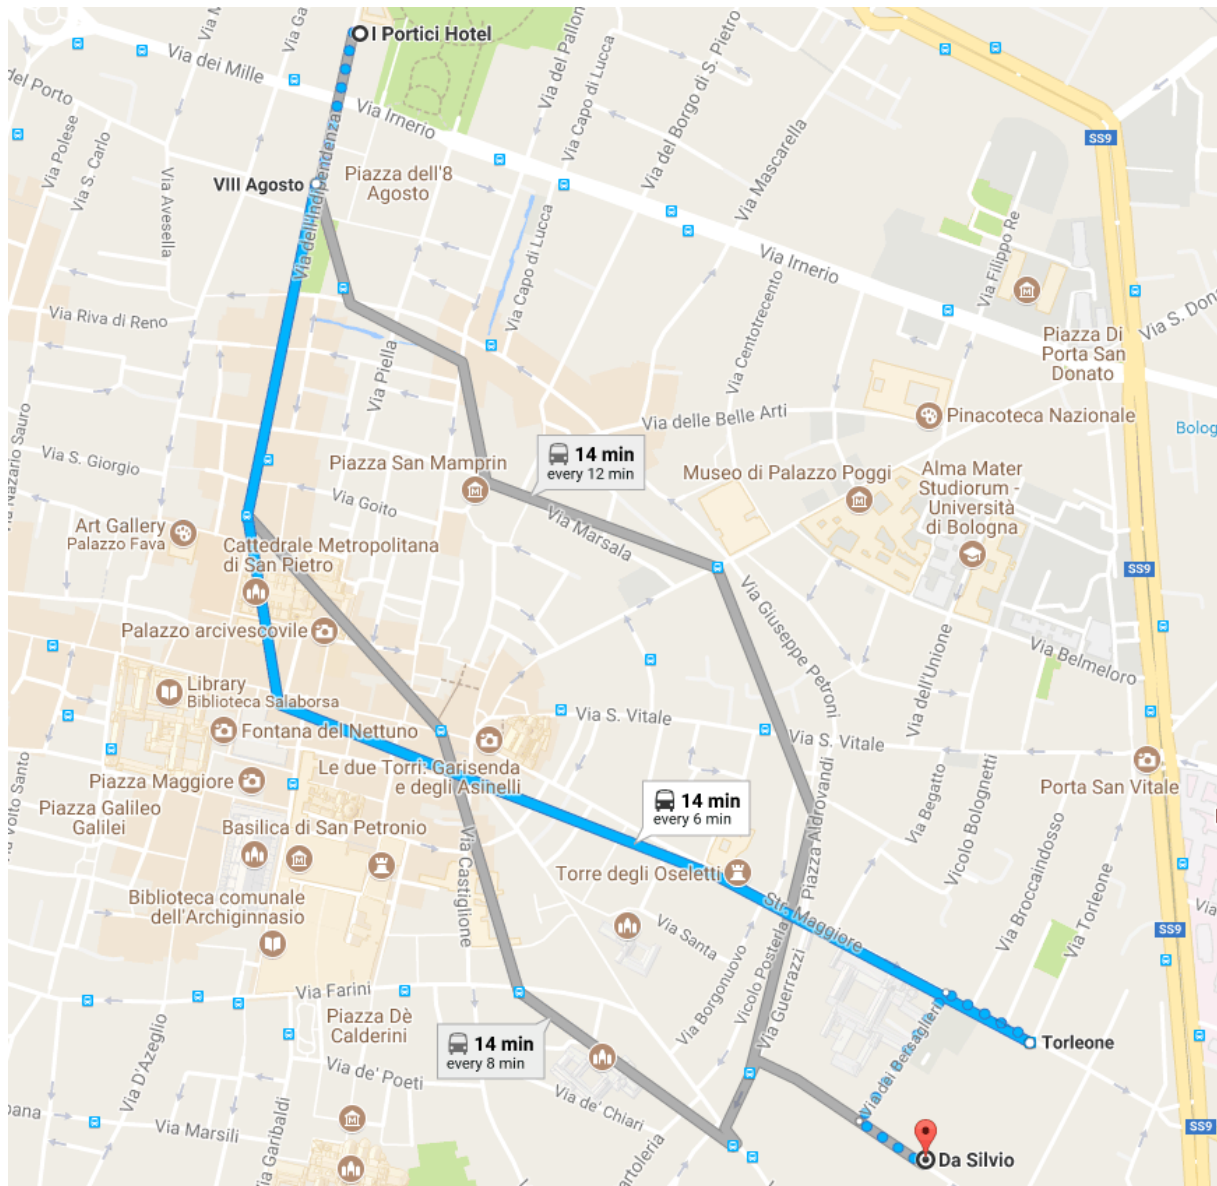

Evaluation from GG Map is 27 minutes passing by the city centre – please take into consideration that you may take a little bit more time as a sightseeing walk is slower than a normal one!

Joining by other means (public transport or taxis) is also possible, at your own expenses.

One of the many (nice) footpath to the restaurant

## By bus

Coming by bus – three lines at your doorstep

- Bus 27 (in blue) from station VIII Agosto to station Torleone
- Bus 11 (in grey, following the blue line at the beginning) from station VIII Agosto to station Garganelli
- Bus C (in grey, first line to go on the right) from station VIII Agosto to station Garganelli
